GENERAL PACKING INSTRUCTIONS

The following must be implemented when packing Cato, Versona or Caché merchandise. This will ensure protection of the merchandise during shipment and merchandise ready for placement on the selling floor.

- Each vendor is responsible for quality of shipping. This includes utilizing a high quality of packing materials (cartons, tape and dunnage) to adequately protect the product. CATO strongly urges each shipper to utilize recyclable, ecologically safe materials in packaging their product. Additionally, we encourage all shippers to utilize the proper, but absolute minimal packing necessary to protect their product. Vendors that are identified as having poor packaging will be solely responsible for all damages, concealed shortages and claims. Reinforced paper strapping tape, cardboard inserts, proper dunnage and double wall cardboard boxes are some of the essential components to good packaging.
- Select a carton that fits the product. All void spaces between product and the carton must be completely filled; do not overpack.
- The following requirements will help mitigate excessive wrinkling during transit:
 - All garments must be cool and dry prior to being packaged.
 - Place tissue paper on garments in areas of fold over.
- All hardware, including belt buckles and metal buttons must be wrapped in tissue paper for all categories.
- Place cardboard between layers of merchandise if necessary to prevent crushing or shifting within the carton. Note: Tissue paper may be necessary to prevent imprinting.
- The merchandise should be packed 1/4" below the top of the carton and 1/8" from the sides of the carton.
- Place additional cardboard on top and bottom of carton contents before sealing carton to prevent cuts to merchandise when carton is opened.
- Any exceptions to these instructions will be listed on the purchase order Vendor Line Item instructions or the order confirmation.
- Failure to utilize quality packaging will result in a chargeback of \$30 per hour for a minimum of 3 hours for any concealed shortages and/or damaged merchandise.

Crossdock Cartons

- Use a shipping carton which fits the largest sized garment when shipping crossdock cartons. The width and length of the carton should accomodate the largest size in the pack.
- Carton minimum size is 12"L x 9"W x 2.5"H.
- Carton maximum size is 31"L x 22"W x 24"H.

Master Pack Cartons

- MSTR carton minimum size is 12"L x 9"W x 2.5"H
- MSTR carton maximum size is 27"L x 15"W x 18"H

Inner pack that exceeds any one of the maximum dimensions, length, width or height, must be packed as a single inner pack and shipped cross dock.

POLY BAG REQUIREMENTS

These categories are to be Poly bagged per sku (individually poly bagged by piece) then poly bagged per prepack:

Fine Gauge Sweaters (12gg and up)
White Woven Tops/Jackets
White Woven Bottoms
White Denim Bottoms
Dressy Bottoms
Dresses/Jumpsuits
PU/Suede/Velvet/Velour/Corduroy (any fabrics that bruise)
Outerwear (Includes PU/Suede)
Jewelry
Hair Accessories
Belts
Sunglasses
Wallets
Handbags
Shoes on a J-hook
PO/Line Designated as eCommerce

- Replenishment Orders (individually poly bagged by piece only, no poly bag per prepack)
- All other product categories are to be packed in a master outer blister pack.
- Poly bags must be a minimum of 1.0 mil thick and must be heatsealed or taped.

Ordering Poly Bags

Preferred poly bag supplier is Poly-Pak Industries, which requires a minimum purchase quantity of 500 bags. To order poly bags from Poly-Pak Industries, use the form located on the Cato vendor website catovendors.com => Logistics/Vendor Guides => eCommerce => Poly Bag Order Form

CATEGORY: Tops

DESCRIPTION: Table Tees

IMAGES ARE FOR REFERENCE ONLY.

Packing Instructions:

Step 1: Place a sheet of 8 ½ x 14 folding paper on top of the folding board, below the fold line. Center folding board on back of top. Line up neck/shoulder seam with fold line.

Step 2: Fold 1/4 of right side of top over folding board.

Step 3: Fold right sleeve down as shown.

Step 4: Repeat steps 2 & 3 with left side of tee.

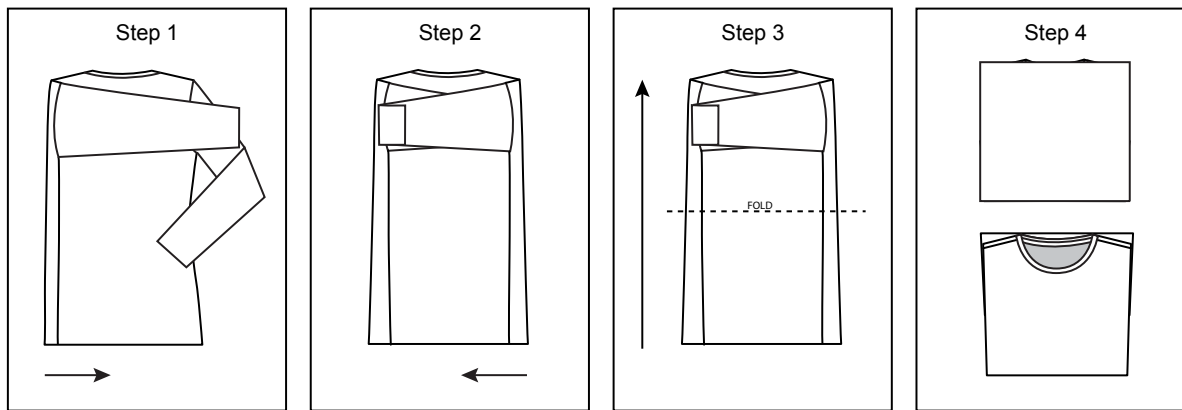

Step 5: Fold bottom half of tee up over folded sleeves. If necessary, tuck under excess of tee, so that back of tee is not longer than front and meets 14" length and 9" width requirement. Remove folding board.

Step 6: Size Dot sticker must show in lower right hand corner on front of folded tee. Folding paper must not be visible. Pack blister pack largest sizes on the bottom to smallest sizes on the top. The merchandise should be packed 1/4" below the top of the carton and 1/8" from the sides of the carton.

CATEGORY: Tops

DESCRIPTION: Casual Knit Tops

IMAGES ARE FOR REFERENCE ONLY.

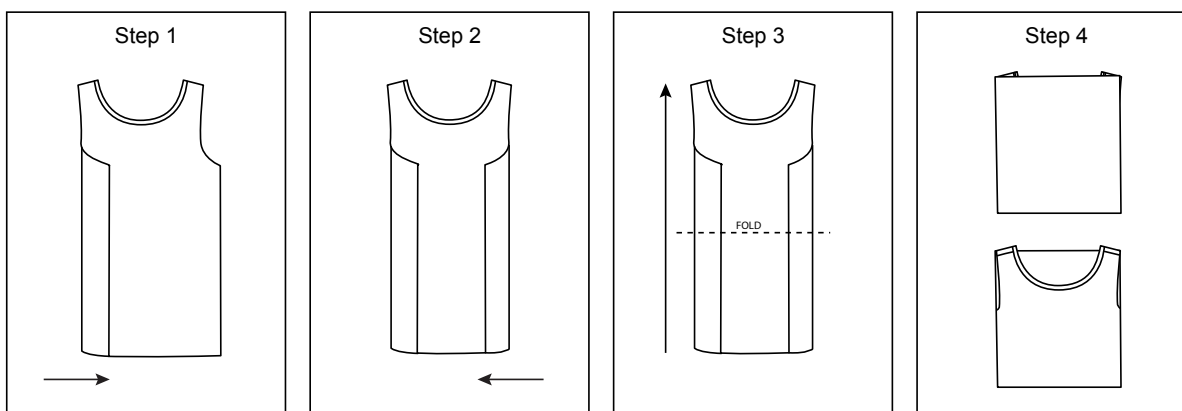

Packing Instructions:

Step 1: Place garment face down with all closures buttoned, snapped, etc. Fold 1/4 of left side of garment toward the center with the sleeve across the back of garment. Depending on sleeve length, fold extra length inward.

Step 2: Repeat Step 1 with the right side of the garment.

Step 3: Fold up bottom half of garment.

Step 4: Pack merchandise 1/4" below the top of the carton and 1/8" from the sides of the carton.

Sleeveless Casual Knit Tops Packing Instructions:

Step 1: Place garment face down with all closures buttoned, snapped, etc. Fold 1/4 of left side of garment toward the center.

Step 2: Repeat Step 1 with the right side of the garment.

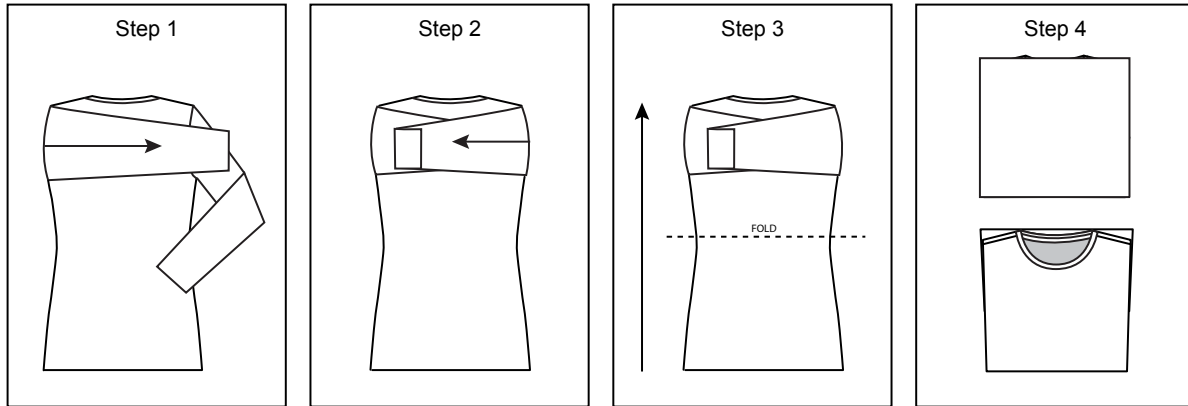

Step 3: Fold up bottom half of garment.

Step 4: Pack merchandise 1/4" below the top of the carton and 1/8" from the sides of the carton.

CATEGORY: Tops

DESCRIPTION: Casual Sweaters

IMAGES ARE FOR REFERENCE ONLY.

Packing Instructions:

Step 1: Place garment face down with all closures buttoned, snapped, etc. Fold left sleeve across back of garment toward the center. Depending on sleeve length, fold extra length inward.

Step 2: Repeat Step 1 with the right side of the garment.

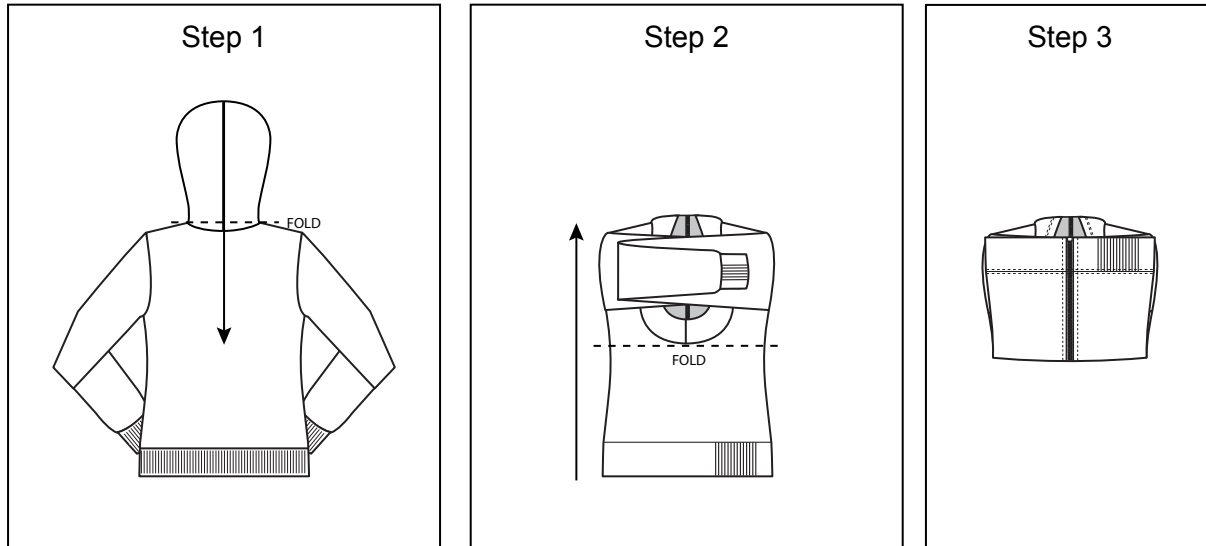

Step 3: Fold up bottom half of garment.

Step 4: Pack merchandise 1/4" below the top of the carton and 1/8" from the sides of the carton.

CATEGORY: Tops

DESCRIPTION: Casual Knit Tops, Sweaters, Jackets or Vests with a Hood

IMAGES ARE FOR REFERENCE ONLY.

Packing Instructions:
